

Dear Friend,

I am excited for your decision to take action and participate in a mentoring relationship designed to bring your dreams to destiny and equip you to fulfill your vision. The mentoring process and benefits are as follows:

1. To build on your existing foundation, I encourage you to get all of my available materials and teaching CD's so you may continually receive your next level of wisdom and understanding.
2. At our Wisdom Conferences in Tulsa, I mentor those who are able to attend and spend personal time at our receptions.
3. I am also committed to spend time with those I am mentoring when my schedule permits and when I am in your area.
4. Our phone lines are continually open for prayer requests. My personal cell phone is available to discuss specific issues.
5. Join me on my exclusive live monthly conference call and also have full access to my private You Tube Channel.
6. There is an application fee of \$100.00 and an annual renewal fee of \$100.00 year.
7. As a valuable asset to further your education and accelerate the mentoring process, my team will enroll you at Wisdom University, waive the \$50.00 Registration Fee, and give you your first course for *free*. This will allow you to start or finish a college degree as a part of the mentoring process.
Other course discounts are also available. Contact our Admissions Office for any questions you may have (918-712-7122, 9am-5pm CST).

Please take time to pray about this to know this is the leading of the Holy Spirit and respond accordingly.

Your Praying Partner,

Dr. Nasir Siddiki
